

You Can Make a House a Home.

Homeward Bound's REACH (Real Estate Agents Combating Homelessness) Fund is dedicated to implementing a sustainable solution to homelessness. We enlist local real estate professionals to make a donation to Homeward Bound for each real estate closing so that everyone in Buncombe County can have a key to their own home. Donations to the fund go to the Welcome Home Donation Center, where household items are collected for clients who are moving out of homelessness into permanent homes. Your support will truly make a house a home!

92% of individuals
moved into housing
by Homeward
Bound never return
to homelessness.

At Homeward Bound,
we believe that housing
is a basic human right
and no one should be
left outside.

Most people who are homeless have very few or no belongings or furnishings. When Homeward Bound moves individuals and families into their homes, each receives a house full of clean, gently used furniture and household items donated by our community. As you are in the process of moving, please consider donating furniture or household items to the Welcome Home Center by:

- Dropping them off in a donation bin in front of the Welcome Home Donation Center located at 205 Elk Park Drive in Woodfin
- Visiting the donation center during business hours, Monday - Friday from 9:00 a.m. to noon.
- Scheduling a pick-up (of gently-used furniture) by calling 828-412-5322
